Benefit from the Kalixia healthcare network

In order for you to benefit from a higher quality of service, IPECA is offering you access since January 1st 2025 to the **Kalixia healthcare network.**

What's a healthcare network?

A healthcare network checks the **quality of professionals practitioners** beforehand and negotiates **preferential rates** with them. By visiting an approved healthcare professional, **you are guaranteed to pay the right price and reduce your out-of-pocket expenses.**

At Airbus, the healthcare network chosen by IPECA is Kalixia. care network works in the same way as SantéClair did for you who had chosen Confortis 1, 2 and 3 cover in previous Airbus contract.

What are the benefits from Kalixia?

Choosing a practitioner who is approved by your healthcare network means you can:

- **Benefit from systematic third-party payment:** by going through the care network, you do not have to pay in advance and the service is directly covered by the Assurance Maladie and IPECA (except for dental care). You only have to pay the remaining costs, if any.
- **Access to attractive prices:** healthcare networks have the clout to negotiate advantageous prices with opticians, hearing aid acousticians and other specialists, enabling you to limit your out-of-pocket expenses for procedures and treatments.
- **Benefit from exclusive services:** when you visit an approved practitioner, you benefit from exclusive advantages with additional cover.
- **Benefit from quality services:** healthcare professionals are audited and are committed to offering a service tailored to your needs with a high degree of expertise.

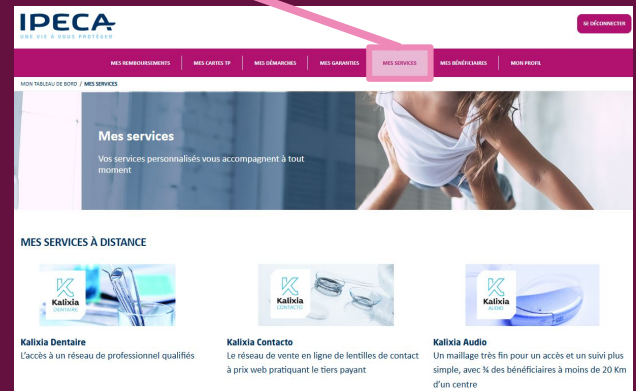

How to find a Kalixia-approved practitioner?

On the **IPECA** website, connecting to your private account / tab "My services" :

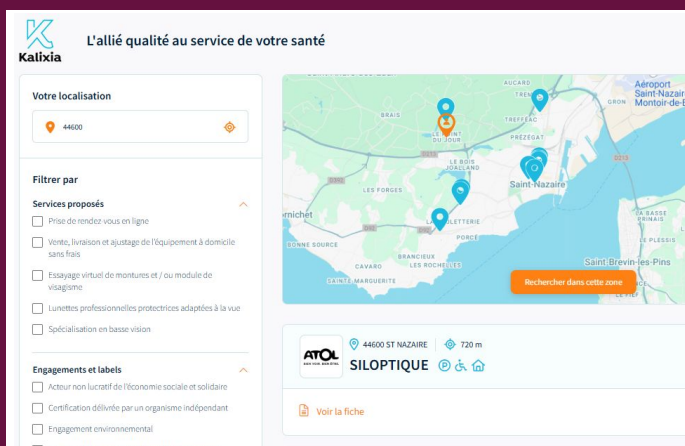

This functionality will soon be available on the MyIPECA app.

Once you have entered your zipcode, you will have access to a **directory of professionals** near your home, according to your needs:

- **Kalixia "dentaire"** with a network of qualified professionals.
- **Kalixia "Contacto"**, an online network for contact lenses at web prices with third-party payment.
- **Kalixia "Audio"** with a very fine network for easier access and follow-up.
- **Kalixia "Optique"** with a network of over 6,000 partner opticians.
- **Kalixia "Ostéo"** with a network of over 500 partner osteopaths.
