

The CFE-CGC, IPECA and you

Toulouse
March 3rd 2025

Elections from March 21st to April 9th

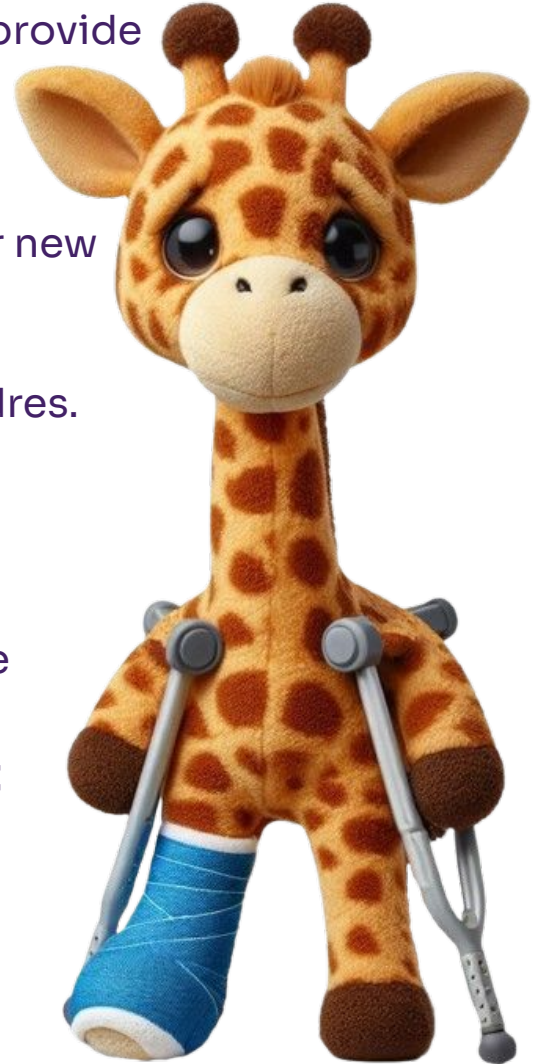

On a daily basis, your **CFE-CGC** representatives provide you with information and support you in your health/providence processes with **IPECA**.

Within the Airbus Group, your **CFE-CGC** representatives have negotiated and signed your new social protection agreement:

- Upward harmonization of health/welfare benefits for all employees, cadres & non-cadres.
- Modernization of the healthcare basket (alternative medicine, self-medication).
- Increase in the death benefit and extension of the education annuity.

IPECA has been ensuring the application of these measures since October 1st 2022.

From March 21st to April 9th, you must elect your representatives to sit on the **IPECA General Assembly**, from among whom members of the Board of Directors will be appointed.

Elections IPECA
From March 21st to April 9th

**FOR YOUR HEALTH
THINK CFE-CGC**

Your voice counts so that IPECA can continue to:

- **make your life easier** and offer you new services
- **protect you** by promoting prevention actions
- **maintain the balance between contributions and benefits** in the face of the State's disengagement from financing Social Security (example: increase in the remaining cost of consultations).
