**Caution

Social Security covers less.

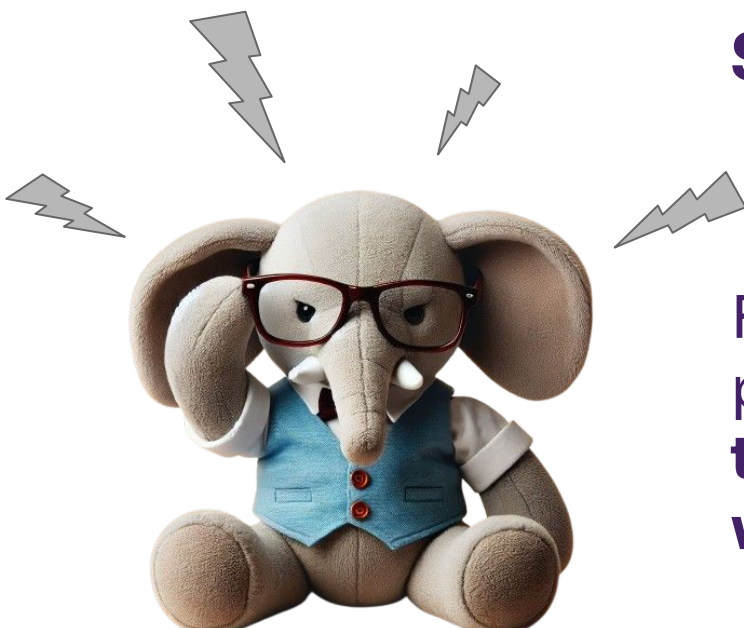

- ★ dental consultations: **70% ⇒ 60%**
- ★ daily sickness benefits : **53,31€ ⇒ 41,74€**

In your opinion,
who will pay
the difference?

Overall, **€1.3 billion** in reimbursements have already been transferred **from the social security system to the private sector.**

And there are plans for a **new tax** on your contributions!

Soon to be €2 billion?

For IPECA, the deficit is prohibited and therefore **the financial balance is weakened!**

You can count on your
CFE-CGC
representatives.

Within IPECA, to manage and limit the impact of these transfers.

Within the company, to negotiate fiercely to keep your contracts in balance.
